OCTOBER 2026 EDITION

दुर्गोत्सव

Durgotsav 2026 – Dandiya and Garba Celebration

Durgotsav 2026: Celebrating Culture, Joy and Togetherness

Students, parents and teachers come together for a vibrant celebration of Garba, Dandiya and festive traditions.

PGKM School celebrated Durgotsav 2026 with great enthusiasm, bringing students, parents and teachers together for a colourful celebration of Navratri. Dressed in vibrant traditional attire, everyone grooved to the energetic beats of Garba and Dandiya, filling the atmosphere with excitement, joy and festive spirit.

The celebration beautifully blended cultural traditions with community participation. From the festive puja to food and game stalls organised by students, every element reflected creativity, enthusiasm and the spirit of togetherness. The event offered students an opportunity to experience the richness of Indian traditions while creating cherished memories with their friends and teachers.

दुर्गोत्सव

Navratri 2026 – Pre-Primary Section

Little Feet, Festive Beats:
A Joyful Navratri Celebration!

The Pre-Primary Section along with Grade 1 & 2 celebrated Navratri on the school turf. Dressed in vibrant traditional attire, the little ones enjoyed Garba and Dandiya Raas alongside their parents and teachers. The lively music, cheerful smiles and energetic performances filled the atmosphere with festive joy.

The event encouraged confidence, coordination and social interaction among young learners while strengthening the bond between parents, teachers and children. It was a memorable celebration filled with music, laughter and togetherness.

Young Entrepreneurs

Young Entrepreneurs – Food and Games Stalls

Turning Ideas into Business Ventures

Students of Grades 8 and 9 brought an entrepreneurial spirit to Durgotsav 2026 by organising and managing food and games stalls during the two-day celebration. The activity gave students an opportunity to experience the practical side of running a business, right from developing ideas and preparing proposals to planning menus, setting prices, and understanding customer needs. They also explored important business practices, including formal agreements and Memorandums of Understanding (MOUs). With careful planning and shared responsibilities, students worked together to turn their ideas into functioning stalls, gaining valuable insights into entrepreneurship.

Building Skills Through Real-World Experiences

The food and games stalls became one of the highlights of the celebration, adding excitement and creating an engaging experience for visitors. Students confidently managed their stalls, interacted with customers, handled different responsibilities, and worked together to ensure everything ran smoothly. The experience helped them strengthen essential skills such as teamwork, communication, decision-making, financial awareness, and problem-solving. Beyond the festive enjoyment, this hands-on initiative encouraged independence, creativity, and accountability, allowing students to connect classroom learning with real-world business experiences in a meaningful and enjoyable way.

Ashtami Pujan

Ashtami Celebration – Honouring Knowledge and Wisdom

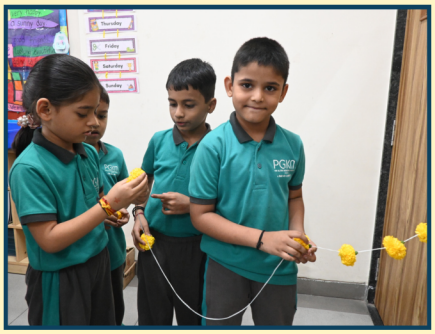
PGKM School celebrated Ashtami with devotion and respect for knowledge and learning. The celebration included Saraswati Pooja, where students offered prayers and placed their books and learning materials as a symbol of gratitude towards education. The occasion encouraged students to appreciate the importance of knowledge, wisdom, and cultural traditions.

Dussehra

Dussehra Celebration – A Festival of Gratitude and Togetherness

PGKM School celebrated Dussehra with creativity, togetherness, and a spirit of gratitude. Students decorated their classrooms with colourful decorations and traditional festive elements, bringing joy and excitement to the school environment.

A special part of the celebration was dedicated to appreciating the school's Mavshis for their constant care, dedication, and support. Their everyday efforts in maintaining a clean, safe, and welcoming environment were recognised with gratitude. The gesture reminded students of the importance of respecting and valuing everyone who contributes to making school life better.



Dussehra Celebration – Pre-Primary Section

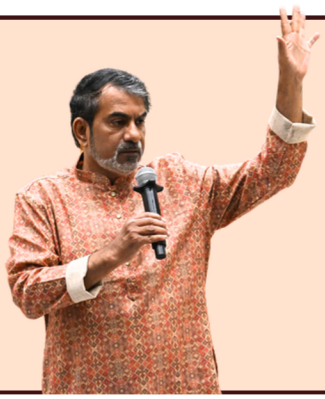
Our Pre-Primary Section celebrated Dussehra on 19th October with great enthusiasm and devotion. The celebration began with a prayer, creating a positive and festive atmosphere.

The highlight of the celebration was an engaging puppet theatre presentation of the Ramayana. Through colourful puppets and storytelling, children witnessed the journey of Lord Rama, Sita, Lakshmana and Hanuman, and learnt about the victory of Lord Rama over Ravana.

The story helped children understand important values and morals such as the victory of good over evil, truth always triumphing over falsehood, the importance of kindness, courage, honesty and respect for others. Teachers also encouraged children to reflect on these values and understand how they could practise them in their daily lives.

It was a wonderful blend of learning, storytelling and celebration, making the significance of Dussehra meaningful and memorable for our little ones.

Journey into the Era of Chhatrapati Shivaji Maharaj



Students of Grades 7 and 8 explored the life and legacy of Chhatrapati Shivaji Maharaj through an engaging guest lecture by history educator Mr. Mohan Shete. Through vivid storytelling, **he brought historical events and battles to life, taking students nearly 400 years back in time.** His stories highlighted values such as courage, integrity, honour and dedication, making history meaningful and memorable beyond the classroom.

Guest Sessions

Storytelling Medieval History of India

Where History Meets Evidence

Students of Std. 10 attended an insightful guest talk by noted historian Mr. Vidyacharan Purandare, exploring the life and legacy of Chhatrapati Shivaji Maharaj.

Drawing from authentic manuscripts, archival records and historical evidence, he encouraged students to look beyond textbook narratives and approach history with curiosity, critical thinking and a scientific outlook.

The session deepened their understanding of our rich heritage while instilling a sense of pride in our Janmabhoomi.

Scriptology: The Fascinating Journey of Written Language

PGKM School hosted an engaging session titled “Scriptology”, conducted by Ashwin, an actor, storyteller and heritage enthusiast, taking students on a fascinating journey through the evolution of writing systems.

Beginning with early rock art and progressing to structured scripts, the session explored the origins and stories behind ancient writing systems from across the world, including Egyptian hieroglyphs, cuneiform, the Indus Valley script, Modi, Arabic and Devanagari. Through interactive storytelling and historical insights, students discovered how civilisations transformed spoken words into visual symbols to preserve knowledge, communicate ideas and record their histories.

Drawing upon his experience in theatre, heritage walks, storytelling and languages, Ashwin brought history to life, making the session both informative and immersive. The interaction encouraged students to look at writing beyond textbooks and appreciate it as one of humanity's most remarkable inventions.

श्रमसंस्कार

श्रमसंस्कार – Learning Through Work, Growing Through Responsibility

Shram Sanskar – SEWA Initiative

PGKM School introduced Shram Sanskar as part of CBSE's SEWA (Social Empowerment through Work Education and Action) programme, encouraging students to develop responsibility, empathy, self-reliance and respect for the dignity of labour.

Aligned with the school's vision of an Ultra-Modern Gurukul, the initiative focuses on learning through meaningful work and community participation. Through age-appropriate tasks, students learn to value every contribution, care for shared spaces and understand their responsibilities towards society.

Observed from 2 October to 14 November during the ET period, the initiative includes practical activities supported by discussions, field visits, quizzes, surveys and reflection.

The programme also encourages parents to involve children in everyday household responsibilities, helping them practise these values beyond school.

Shram Sanskar aims to make service, responsibility and respect for work an essential part of students' everyday lives.

स्वच्छता ही सेवा

Swachhata Hi Seva Campaign 2026

Swachhata Hi Seva Campaign 2026

Date: 3rd October 2026 | Grades 7 to 9

PGKM School organised the Swachhata Hi Seva (SHS) Campaign 2026 in collaboration with the Central Bureau of Communication (CBC), Ministry of Information & Broadcasting, Government of India. The programme aimed to promote cleanliness, sustainability, responsible citizenship, and the principles of Reduce, Reuse, and Recycle (RRR).

As part of "Swachhata Se Samriddhi – Kabad Se Kala," students creatively transformed waste materials into useful artefacts, exploring innovative ways to reuse discarded items while developing environmental awareness.

Creativity and Sustainability in Action

The campaign also featured "Swachh Paathshala," a thematic art competition where students expressed their ideas on cleanliness, hygiene, and sustainability. Students also participated in Eco-Friendly Ganesh Idol Making, learning the importance of environmentally responsible celebrations.

Following the activities, competition winners were felicitated and awarded books as prizes, recognising their creativity and participation. The programme encouraged students to adopt sustainable practices and make cleanliness and environmental responsibility part of their everyday lives.

Hygiene & Grooming

Hygiene & Grooming

11 October 2026 – Nursery | 23 October 2026 – Sr. KG | Hygiene & Grooming

Little Hands, Big Life Skills!

Nursery and Sr. KG students explored the importance of hygiene and personal grooming through fun, hands-on activities.

From spraying and cleaning gloves to bathing dolls and practising hair-combing skills using colourful beads, children learned essential self-care habits in a playful way.

The activities encouraged cleanliness, independence and responsibility while developing fine motor skills, concentration and coordination.

Shape Hop

Mathematics – Shape Hop

6 October 2026 | Jr. KG | Mathematics – Shape Hop

Hop, Jump and Learn Shapes!

Jr. KG students explored 2D shapes through an exciting Shape Hop activity. Children picked up shapes, identified them and hopped or stepped onto the matching shapes placed on the floor.

The activity made learning mathematics fun and interactive while strengthening shape recognition, balance, coordination, spatial awareness and problem-solving skills.

My Body

Fun Friday – My Body

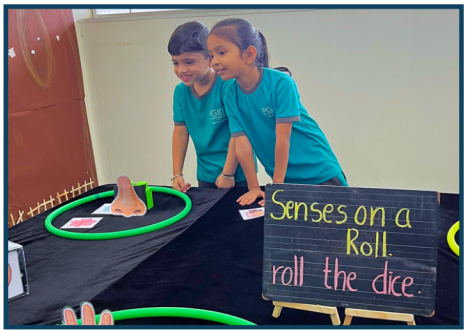
9 October 2026 | Sr. KG | Fun Friday – My Body

Little Explorers Discover the Wonders of the Human Body!

Sr. KG students enjoyed an interactive Fun Friday session exploring the theme My Body through engaging hands-on activities.

Children learned about bones, joints, sense organs and internal organs through picture sorting, matching and pasting activities. The highlight was a skeleton puzzle that encouraged teamwork, logical thinking and problem-solving.

The session helped develop body awareness, observation skills, vocabulary and fine motor coordination, making learning both fun and meaningful.



Learning About Cars

Learning About Cars

14 October 2026 | EVS – Learning About Cars

Little Explorers Discover the World of Cars!

Children explored a real car through an engaging hands-on activity, identifying parts such as doors, windows, tyres, headlights, mirrors and the steering wheel while learning about their functions.

They also discovered the importance of seat belts, traffic safety and responsible behaviour around vehicles. The interactive experience encouraged curiosity, observation, vocabulary development and communication skills while building practical road safety awareness.

Garden Friends & Plants

Grade: 1 Garden Friends & Plants

Grade 1 | Garden Friends & Plants – EVS Activity

Students stepped beyond the classroom for a hands-on exploration of nature through an integrated English and EVS activity, “Garden Friends & Plants.” The activity encouraged young learners to discover different types of plants, including trees, shrubs, herbs, climbers, and creepers around the school campus.

During their nature walk, students explored various shapes, sizes, and colours of plants while collecting leaves, dried leaves, and twigs. Connecting their observations with the English lesson “Garden Friends,” they used these natural materials to create their own nature-inspired artwork.

The activity sparked curiosity, creativity, and environmental awareness, making learning interactive and enjoyable.

ANIMAL KINGDOM

Grade: 2 Exploring the Animal Kingdom

Grade 2 Storytelling Activity – Exploring the Animal Kingdom

Bringing Stories to Life

Grade 2 students explored the fascinating world of animals through an engaging storytelling activity based on the theme The Animal Kingdom.

Using creative props, expressive narration and their imagination, the young storytellers brought different animal characters to life. The activity encouraged students to develop their public speaking skills, improve their expressions and build confidence while presenting stories to their classmates.

The session created a joyful learning experience, inspiring creativity, communication skills and a love for storytelling among the young learners.

Grade: 3 संज्ञा शब्द

कक्षा 3 | हिंदी व्याकरण – संज्ञा शब्द

कक्षा 3 के विद्यार्थियों ने एक रोचक गतिविधि के माध्यम से हिंदी व्याकरण के अंतर्गत संज्ञा शब्दों की पहचान करना सीखा। इस गतिविधि में बच्चों ने व्यक्ति, स्थान, वस्तु और भाव से संबंधित संज्ञा शब्दों को समझा तथा उनसे जुड़े चित्र बनाकर उनमें रंग भरे।

इस रचनात्मक गतिविधि ने विद्यार्थियों की शब्दावली, कल्पनाशक्ति और व्याकरण संबंधी समझ को विकसित करने में सहायता की। बच्चों ने उत्साहपूर्वक भाग लेते हुए खेल-खेल में संज्ञा शब्दों की पहचान और उनका सही प्रयोग करना सीखा।

चित्रों और शब्दों के माध्यम से विद्यार्थियों को अपने आसपास की वस्तुओं, व्यक्तियों और स्थानों को संज्ञा शब्दों से जोड़ने का अवसर मिला। इस प्रकार गतिविधि ने व्याकरण के अध्ययन को सरल, रोचक और आनंददायक बनाते हुए बच्चों में भाषा के प्रति रुचि और आत्मविश्वास बढ़ाने में महत्वपूर्ण भूमिका निभाई।

Grade: 4 The Solar System

Grade 4 | EVS, English & Mathematics – Planet Personality Cards

Meet the Planets: A Creative Journey Through Space!

Grade 4 students explored the solar system through an engaging interdisciplinary activity, Planet Personality Cards, combining EVS, English and Mathematics.

Working in groups, students assigned unique personalities to the eight planets using descriptive adjectives such as speedy, rocky, giant and mysterious. Each card featured interesting planetary facts, the number of moons and the planet's distance from the Sun.

The activity encouraged students to practise vocabulary, number reading, comparison and data handling while strengthening their creativity, scientific understanding and presentation skills. It made learning about the solar system both interactive and enjoyable.

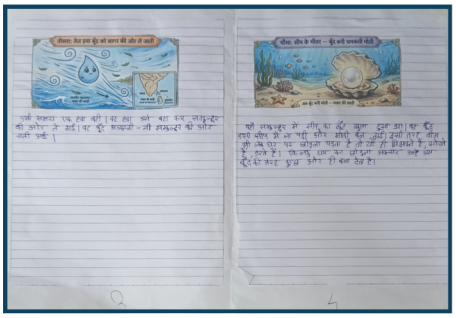
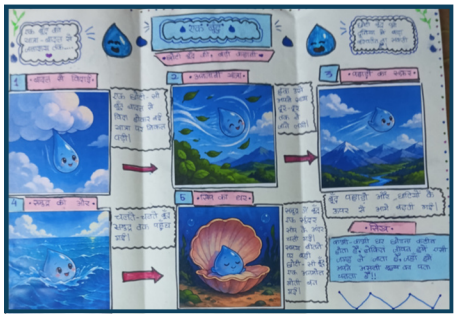
बूँद का सफर

Grade: 5





कक्षा 5 | बूँद का सफर

कक्षा 5 के विद्यार्थियों ने 'एक बूँद' कविता के माध्यम से पानी की एक छोटी-सी बूँद की रोमांचक यात्रा को समझा। इस रचनात्मक गतिविधि में बच्चों ने बूँद के सफर को सुंदर चित्रों और अपने शब्दों में प्रस्तुत किया। उन्होंने अपनी कल्पनाशक्ति का उपयोग करते हुए प्रकृति के विभिन्न रूपों और जल के महत्व को समझने का प्रयास किया।

इस गतिविधि ने विद्यार्थियों को जल संरक्षण और प्रकृति के प्रति संवेदनशील बनने के लिए प्रेरित किया। साथ ही, बच्चों ने बूँद की यात्रा से जीवन में आने वाली कठिनाइयों और चुनौतियों का साहसपूर्वक सामना करने की सीख प्राप्त की।

चित्रकला और रचनात्मक लेखन के सुंदर समन्वय ने विद्यार्थियों की कल्पनाशक्ति, चिंतन क्षमता और अभिव्यक्ति कौशल को विकसित करने में सहायता की। इस प्रकार कविता पर आधारित यह गतिविधि बच्चों के लिए ज्ञानवर्धक, प्रेरणादायक और आनंददायक अनुभव बनी।

Mock Elections

Grade: 6 Understanding Democracy Through Mock Elections

Grade 6 | Understanding Democracy Through Mock Elections

Students explored the concept of democracy through an engaging Mock Election Activity, gaining practical experience of how elections are conducted. Students took on the roles of candidates and voters, actively participating in campaigning, casting votes, and counting the results to elect their representative.

The activity introduced students to the importance of voting rights, fair elections, leadership, and responsible decision-making. By experiencing the electoral process firsthand, they developed a better understanding of democratic values and the responsibilities of citizens.

This interactive learning experience encouraged teamwork, communication, and critical thinking while helping students recognise the importance of every vote. The activity made learning about democracy meaningful, engaging, and enjoyable beyond the classroom.

Hampi Bazaar Through AI

Grade: 7 Exploring Hampi Bazaar Through AI

Grade 7 | Exploring Hampi Bazaar Through AI

Students explored the historical significance of Hampi Bazaar during the Vijayanagara Empire through an engaging activity combining history, creativity, and artificial intelligence. Students researched the marketplace, its architectural features, trading activities, and everyday life during the empire.

Using their research, students drafted detailed AI prompts describing the vibrant marketplace, historical structures, merchants, and cultural surroundings of Hampi Bazaar. The activity encouraged them to transform historical information into creative visual representations of the past.

This innovative learning experience helped students strengthen their historical research, descriptive writing, critical thinking, and creative skills. It also introduced them to the practical use of AI prompts, making the study of history more interactive, imaginative, and meaningful.

Making a Terrarium

Grade 8 | Making a Terrarium – Exploring Ecosystems

Grade 8 | Making a Terrarium – Exploring Ecosystems

Students explored the fascinating concept of ecosystems through a hands-on Terrarium Making Activity. The activity aimed to help students understand how living and non-living components interact to create a balanced, self-sustaining environment.

Students learned the process of creating a miniature ecosystem using transparent containers, pebbles, soil, small plants, and natural materials. By arranging these elements in layers, they explored the roles of producers, decomposers, water, air, and sunlight in maintaining ecological balance.

The activity also introduced students to natural processes such as the water cycle, photosynthesis, and nutrient recycling. Through observation and practical learning, students developed a deeper understanding of environmental sustainability and the importance of maintaining balance in nature.

नुक्कड़ नाटक

Grade: 9 Generations: Strengths and Challenges

Grade 9 | Hindi Nukkad Natak

Students presented an engaging Hindi Nukkad Natak exploring the strengths and challenges of different generations. Through expressive dialogues, thoughtful storytelling, and impactful performances, students highlighted the differences in values, lifestyles, perspectives, and relationships among older, middle, and younger generations.

The play creatively portrayed how changing times influence people's thoughts, habits, traditions, and interactions. It also brought attention to the misunderstandings that can arise due to generational differences, while emphasising that every generation has its own unique strengths, experiences, and challenges.

The performance conveyed a meaningful message about mutual respect, understanding, patience, and cooperation in bridging the generation gap. Through this creative activity, students encouraged the audience to appreciate different perspectives, value the wisdom of older generations, and embrace the ideas of younger generations, promoting stronger relationships and harmony across all age groups

Mirrors and Lenses

Grade: 10 Mirrors and Lenses

Grade 10 | Exploring Light – Mirrors and Lenses

Students explored the fascinating concept of light through a hands-on science activity that connected theoretical knowledge with practical learning. The activity focused on understanding the nature and position of images formed by convex lenses and concave mirrors.

Students experimented with lenses of different focal lengths and observed how the position and characteristics of images changed under different conditions. Through these experiments, they gained a clearer understanding of image formation and the behaviour of light when passing through lenses or reflecting from mirrors.

The activity encouraged scientific curiosity, observation, and analytical thinking, helping students strengthen their understanding of optical concepts through practical experimentation.

A French Connection AT PGKM

Bonjour! नमस्ते!

French Hobby | Interaction with Visiting Guest – Anne Marie

A French Connection at PGKM: Learning Beyond the Classroom!

PGKM School welcomed Anne Marie from Paris, France, for a special interactive session with students learning French as a hobby. Students enthusiastically introduced themselves in French, guided her on a school tour and engaged in conversations, gaining valuable experience communicating with a native French speaker.

The highlight of the visit was Anne Marie's inspiring enthusiasm for learning. At 73, she continues to learn Hindi, reminding students that curiosity and learning have no age limit. The interaction helped students build confidence, **improve their French communication skills and appreciate cultural diversity through a memorable real-life learning experience.**

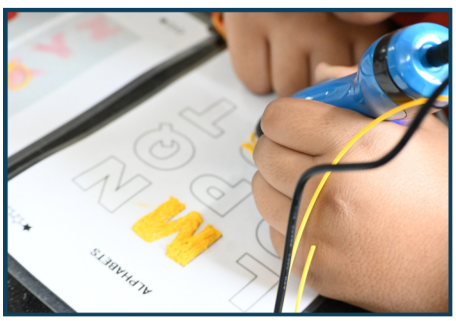
ROBOTICS & 3D PEN DESIGNING

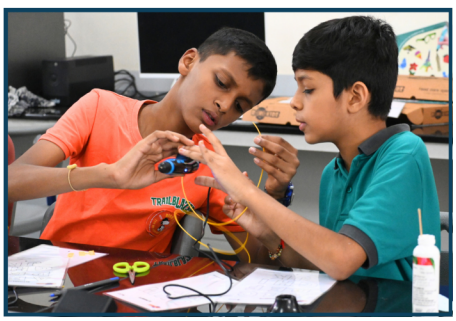
3D Pen Designing Workshop

Date: 3rd October 2026 | Grade 6

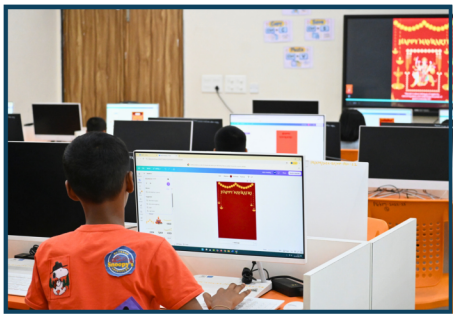
PGKM School organised an interactive 3D Pen Designing Workshop for Grade 6 students, conducted by Ms. Aabha Sancheti (B.E. E&TC). The session introduced 20 participants to the concepts of 2D and 3D design through simple explanations and engaging activities.

Students began by creating paper cubes to understand three-dimensional structures before exploring 3D pens to design alphabets, shapes, and their names. The hands-on experience encouraged creativity, imagination, and practical design skills while helping students understand the difference between 2D and 3D. The workshop was an enjoyable learning experience that brought their creative ideas to life.





Canva DESIGNING WORKSHOP



Canva Poster Designing Workshop

PGKM School organised an interactive Canva Poster Designing Workshop, introducing students to the basics of digital design and creative poster-making. Students explored various Canva tools and features, including text, images, shapes, colours, backgrounds, and design elements.

During the hands-on activity, students created their own posters by selecting themes and creatively arranging different elements. They experimented with layouts, colours, and design options to make their posters visually appealing. The engaging session encouraged creativity, imagination, and digital design skills while giving students practical experience in creating their own designs.

MADHUBANI
TORAN MAKING
Tradition in Every Stitch

Madhubani Toran Making Workshop

Madhubani Toran Making Workshop

Grade 6 students explored the vibrant colours and rich traditions of Indian folk art through a Madhubani Toran Making Workshop. Inspired by traditional Madhubani paintings, students were introduced to decorative motifs such as fish, lotus flowers, the sun, leaves, and mandalas. The workshop helped them appreciate the beauty and cultural significance of India's artistic heritage.

During the hands-on activity, students coloured, cut, and arranged traditional Madhubani motifs on colourful paper to create beautiful decorative torans. They experimented with different colours, patterns, and arrangements, developing their creativity, imagination, and fine motor skills. Each toran reflected their individual artistic expression and enthusiasm, making the workshop an enjoyable experience that beautifully combined traditional art with creative learning.

FUN WITH KEYS

Exploring Melodies and Musical Skills

Electronic Keyboard Workshop

PGKM School organised an engaging Electronic Keyboard Workshop on 10 October 2026, introducing students to the fundamentals of music through interactive learning. The session covered basic music theory, the features of an electronic keyboard, proper instrument handling and essential playing techniques. A special highlight was learning to play a popular Krishna flute tune on the keyboard. Students participated enthusiastically, developing their musical skills, confidence and interest in exploring different melodies.

Tabla WORKSHOP

Discovering the Rhythm of Indian Classical Music

Tabla Workshop

The Tabla Workshop offered students an opportunity to explore the rhythms and traditions of Indian classical music. Through an interactive musical experience, students were encouraged to develop an appreciation for rhythm, coordination and musical expression. The workshop received an enthusiastic response, with students showing curiosity and interest in learning about musical instruments. It was an enjoyable experience that encouraged creativity and a deeper appreciation for music.

FIRE & NON-FIRE

Young Indian Culinary Championship (YICC) 2026

Young Indian Culinary Championship (YICC) 2026

Date: 26th October 2026 | Venue: Mumbai

PGKM School students enthusiastically participated in the Young Indian Culinary Championship (YICC) held at a college in Mumbai. The competition featured two categories, Fire Cooking and Without Fire Cooking, providing students with an opportunity to showcase their culinary skills, creativity, and teamwork.

Throughout the competition, students demonstrated confidence, dedication, and excellent coordination while preparing their dishes. They worked together, managed their responsibilities, and applied their cooking skills in a competitive environment. Their enthusiasm and cooperative spirit reflected their commitment to making the most of this valuable opportunity.

The event offered practical exposure, encouraged creativity, and helped students develop confidence in their culinary abilities. Students returned to Pune with memorable experiences, valuable learnings, and a sense of achievement, making the competition an enriching experience for everyone involved.

The Wonder Within Words – Vaachan Sanskriti & Kavya Katta

PGKM School organised an engaging session titled “The Wonder Within Words” under the Vaachan Sanskriti and Kavya Katta initiatives, conducted by English Teacher Ms. Reena Saluja in the school library. The session encouraged students to develop a love for reading, explore poetry, and express their creativity through words.

The highlight was the “Book Buddies” activity, where students discovered interesting words from their favourite books and poems, explored rhyming words, and composed their own poems. Through creative writing and group discussions, students enhanced their vocabulary, imagination, and confidence while appreciating each other's ideas. The interactive session transformed the library into a lively space of creativity and expression, inspiring young learners to discover the joy of reading and poetry.

Shivaji Maharaj – The King Who Dreamed of Swarajya

Shivaji Maharaj – The King Who Dreamed of Swarajya

Date: 3rd October 2026 | Grades 3 to 6

As part of the Vachan Sanskruti initiative, PGKM School organised an engaging session on “Shivaji Maharaj – The King Who Dreamed of Swarajya” in the school library. Conducted by Ms. Sarvadnya Shinde and Ms. Virika Gandhi of Grade 9A, the session introduced students to the life, achievements, and inspiring leadership of Chhatrapati Shivaji Maharaj.

Through storytelling and an interactive presentation, students explored his childhood, Jijabai’s influence, his vision of Swarajya, and the importance of forts in his military strategies. The session highlighted values such as courage, determination, discipline, and justice, encouraging students to reflect on these qualities in their daily lives. It was a meaningful learning experience that brought history to life through storytelling and student-led participation

Detective Club – Reading Session

Detective Club – Reading Session

As part of the Vachan Sanskruti initiative, PGKM School organised an exciting Detective Club Reading Session, encouraging students to explore their curiosity and problem-solving skills. The session began with an interesting discussion about detectives and spies, introducing students to the world of mysteries and investigations.

Students were then divided into groups and given interesting cases to solve. Working together, they analysed clues, shared ideas, and used logical thinking to uncover the answers. The interactive session encouraged teamwork, critical thinking, and communication skills while making learning enjoyable. Students participated enthusiastically, turning the library into a lively space filled with curiosity, excitement, and discovery.

CBSE Teacher Training Workshop

CBSE Teacher Training

CBSE Teacher Training Workshop – Storytelling as a Pedagogical Tool

PGKM School hosted a CBSE Capacity Building Programme on “Storytelling as a Pedagogical Tool,” conducted by resource persons Ms. Shagufta Kazi and Ms. Smriti Sharma. The workshop focused on transforming traditional classroom teaching into engaging and experiential learning through storytelling, aligned with the objectives of NEP 2020.

Teachers actively participated in interactive activities such as Story Weaving, Picture Prompt Story, and Role-Play Storytelling. One of the highlights was an activity where teachers created imaginative stories using random objects, encouraging creativity and innovative thinking. The resource persons also demonstrated how textbook chapters could be transformed into interesting narratives, making lessons more engaging, enjoyable, and memorable for students of different age groups.

Enhancing Teaching Through Storytelling

The workshop equipped teachers with practical strategies to incorporate storytelling into everyday classroom lessons. It highlighted how creative storytelling can strengthen students' listening, speaking, critical thinking, and emotional intelligence.

The session was an enriching and interactive learning experience, encouraging teachers to adopt innovative, student-centred teaching methods that make classroom learning more meaningful and enjoyable.
